

Hi Dawn,

Thank you for a fabulous day at APES!

I can't get over how happy, loved and contented all of the creatures are, from the lovely monks, the cattle, donkeys, ducks, muscovies, your dogs, cats and especially the adorable Bluey!

Shesh was really ecstatic about the visit and couldn't stop talking about it on the way home!

I am busy writing a story about the visit for the next edition of Eco Focus.

Please send me the names of your two volunteers so that I don't misname them.

Lots of love,

Nev
